Patient Privacy Policy

Effective date: January 1, 2026. Maplewood Dental Studio follows HIPAA rules for the protection of patient health information.

1. Information we collect

Name, date of birth, contact details, insurance information, medical and dental history, X-rays, treatment notes and payment records.

2. How we use your information

To provide dental care, to bill you or your insurance company, to send appointment reminders, and to meet legal requirements. We do not sell patient information and we do not use it for third-party advertising.

3. Who can see your information

Only our dental team and staff who need it for your care or billing. We share information with your insurance company, with specialists you are referred to, or when required by law.

4. How long we keep records

Adult patient records are kept for 10 years after the last visit. Records of minors are kept until the patient turns 28 or for 10 years after the last visit, whichever is longer.

5. Your rights

You can ask for a copy of your records, ask us to correct wrong information, and ask for a list of who received your information. Electronic copies are free and are sent within 30 days. Printed copies cost $0.25 per page.

6. Website, chat and text messages

Our website chat assistant answers general questions only, such as hours, prices and policies. Please do not share medical details, insurance numbers or payment information through the chat or by text message. Text messages are used only for appointment reminders.

7. Contact

Privacy Officer: Rita Alvarez. Email: privacy@maplewooddental.example. Phone: (541) 555-0148.
